

Post Hole Auger & Post Driver

AgSafe Safe Work Procedure

1. Stand well back from a revolving auger while it is either in or out of the ground
2. Never try to straighten a post by hand while the pounder is in operation-use a “V” stick
3. Maintain a safe distance from the pounder utilize safety glasses (avoid wood splinters which can fly off)
4. Remove loose tools or posts on the tractor to avoid a fall on a worker
5. Pay attention
6. Check all hydraulic hoses (never with bare skin)
7. Secure tractor during operation of implement

Please use the following **Safe Work Procedures** as a guideline to building your own safe work procedures.
